

What could your team do with more time?

Consider a more efficient business model that allows you and your team to focus on what matters most – the patients. By taking a practical approach to complete key administrative functions, you can decrease study timelines by 37%. What would faster study start-up mean to your PIs and patients? With a WCG partnership, you circumvent resource limitations and concerns/costs around recruiting, hiring, training and retaining staff. Your team focuses on the patients, and we focus on the paperwork.

WCG Start-Up Services include:

- Coverage Analysis
- Budget Development
- Contract Redline
- Negotiation
- CTMS Study Build & Financial Milestones

WCG helps drive quality and achieve maximum efficiency in study start-up to expedite the development of groundbreaking patient therapies. Customize your services for a "right-sized fit" every time, with solutions for ad hoc requests readily available. Support can be project-based or ongoing, with WCG acting as your centralized clinical trials office. It's your research program, with our expert support.

5 day

turnaround for initial study start-up services

90%

of fees paid by the sponsor or CRO

Get ready to re-imagine your research program and outpace the competition.
