

# SITE CONSULTING SERVICES

---

## WHAT IF BOTH EXECUTIVES AND OPERATIONS COULD HAVE SUPPORT?

WCG recognizes the importance of supporting staff through training and development. Our programs are customized to meet the exact needs of your department.

We have engagements as short as 1.5 days to focus on operations and others that are over 4 years to provide executive guidance. Whatever the scope/size/focus needed to advance your research program, WCG can help you overcome the challenge.
